EXPRESSIONS OF INTEREST

HelpingMinds® acknowledges the traditional custodians of the lands on which we live, work, learn and care, and pay our respect to First Nations People and Elders past, present and emerging.

HelpingMinds is commencing the process to launch its **Innovate Reconciliation Action Plan (RAP)**. A First Nations Elders Reference Group is integral to ensuring the successful implementation of the targets for the RAP. HelpingMinds hopes that **4 First Nations Elders** would be interested to represent the interests, needs and experiences of their communities to ensure that HelpingMinds is culturally safe for all First Nations People.

Reference Group Members will be paid for their time to attend 3-4 meetings per year at HelpingMinds at 182 Lord Street, Perth or online.

In between meetings, Members may also be asked for their input and opinions on documents and activities.

We would love to hear from you by **31 December 2021**.
